Parents and Students,

It is a pleasure for me to welcome each of you to the 2023-2024 school year at Georgetown High School! I hope that this year will be a positive experience for each of us. Our commitment at Georgetown High School is to ensure students face more rigorous standards that will prepare them for the 21st Century as they transform into critical thinkers, creative problem solvers, and inspired learners who are prepared to thrive in an ever changing world. Each day we will focus on “Student Success” by setting high standards and expectations and supporting students in both academic performance and extra-curricular activities which help students further develop into responsible citizens. We realize that our school is the heart and soul of our community. With that in mind, we will do our best to work with each of you to help our students and, therefore our school and community, reach their fullest potential.

CAFETERIA

GTHS uses a computerized system in the cafeteria. Each student will be issued an account number for use in the lunchroom when he/she purchases/receives his/her meals. The lunchroom will accept advanced payment by the week, month, or year and apply and track the balance for each participant's account on a daily basis.

As extras are purchased, the price of these items will automatically be deducted from the account balance. If the student is absent or chooses not to eat and he/she keeps his/her account number confidential, no purchase may be made on his/her account. Deductions are only made from an account balance when students make a purchase. **KEEP YOUR STUDENT NUMBER CONFIDENTIAL!!!!**

This year, all schools in Grant Parish will be eligible for the Community Eligibility Program (CEP), a USDA program. The program allows schools to offer breakfast and lunch at no charge to all students. All kids eat free. Paper applications will no longer be used to determine eligibility for meal services in participating schools. Other measures will be used to determine eligibility at the school level. If you wish your child to have extras, you must send money for their account. This includes the additional items (ex. ice cream).

All School Employee Meal Prices:

Lunch \$2.60 Breakfast \$1.10

Visitor Meal Prices: Visitors are only allowed to eat in the cafeteria for specified holiday meals determined by administration.

**** Hardship waivers will be considered based on the free/reduced lunch forms. If they meet this criterion, their fee will be waived, if they do not, it will still need to be paid.

Club Fees (optional)

The fee is added to the GHS Book Club account to contribute to the funds going toward book purchases for the club reading list. If a student cannot pay the fee by the first meeting due to economic hardship, that student can speak with the sponsor to set up a later paying date before the second club day. If by the second club day the student has not paid the fee, he or she will no longer be on the book club roster.

Positive Behavior Support

PBIS

Positive Behavior Interaction Support is a program supported by the Louisiana State Department of Education and Grant Parish Schools to promote and maximize academic achievement and behavioral competence. It is a school-wide strategy for helping all students achieve important social and learning goals. We know that when good behavior and good teaching come together, our students will excel in their learning. The schools in Grant Parish are proud to be a part of this exciting initiative.

As part of the PBIS program, we will establish several clear rules for the behavior we expect in all areas of our school. We will explicitly teach those expectations to the students and reward them frequently with positive notes and prizes for their great behavior. The expectations for all student behavior will be clear throughout our building and playground areas, cafeteria, gymnasium, and classrooms. You will be able to ask your student, "What are the rules in your school?" "How do you follow those rules?" "What happens when a teacher sees you following the rules?"

Our school rules will specifically address bullying behaviors, provide for a safer school environment, and give more time for instruction. We will apply consistent consequences and positive reinforcement for all students. By detailing every expected behavior and teaching students in a positive way, we will provide a common language for everyone in our building, including students, teachers, front office staff, and our paraprofessionals.

We believe that by helping students practice good behavior, we will build a school community where all students have an environment in which they can succeed and grow.
