## MINUTES

Grant Parish Seac met with members present both in person and virtual. Denise Young reviewed academic and financial data concerning special education in Grant Parish for those members who were not present or were unable to hear due to technical difficulties at the last meeting. Members discussed the ASQ protocol that has been implemented for pre-K students in the district to aid in child search efforts. Mrs. Young discussed the Special Ed camera funding that has come into the district and reminded members of the application process. Pam Carey asked that parents be reminded that they must apply every year. Bailey Lott discussed some parent guides that she is working on and Mrs. Carey asked that she be sent anything that goes home to parents in the district. Mrs. Carey also discussed free training that is available to parents through Families Helping Families and asked that the website for resources be sent out to parents. Mrs. Hooter is still working on contacting the casino for help with funding. Mrs. Carey suggested that a Resource Fair be held to make parents aware of resources available to them.
