SCHOOL ATTENDANCE REGULATIONS

Louisiana State Law mandates compulsory school attendance and students are expected to be in attendance every school day scheduled by the local school board until their eighteenth (18th) birthday.

All excuses, including original doctor/dentist verification for a student's absence(s), must be presented to the school within five (5) days of the student's return to school to be considered for extenuating circumstances. All doctor's/ parent's notes presented after this time will NOT be considered. Please be aware that a parental excuse note allows students to make up work missed and is marked excused on the report card; however, the student absence is still calculated in the number of days per year a student is allowed to miss per LDOE policy.

What are Compulsory School Attendance Ages?

Every child in the state is required by state law to attend public or private school from the child's fifth (5th) birthday, who is 5 by September thirtieth of the calendar year in which the school year begins, until his/her eighteenth (18th) birthday, unless the child graduates prior to his/her 18th birthday. Any child below the age of five (5) who legally enrolls in school shall also be required to adhere to school attendance regulations.

What are the current regulations regarding school attendance for Grant Parish Schools?

Our Grant Parish School Calendar this year accounts for 151 student days scheduled for 430 instructional minutes. There are 75 student days in the first semester (32,250 minutes) and 76 student days in the second semester (32,680 minutes). Total of 151 student days (64,930 minutes). The state of Louisiana requires 63,720 instructional minutes a year.

- A. In order to be eligible for promotion, Elementary students (K-8), shall not exceed **9 days** per year of absences.
 - a. Attendance for students in grades Kindergarten through 8th grade will be calculated as half and whole day attendance and will be reported to the state as such.
- B. In order to be eligible to receive grades/credits, high school students (9-12), shall not exceed **9 days** per year of absences.
 - a. High School students (9-12) shall be kept on a per period basis.
 - b. For High schools counting attendance by periods, a student shall be present for more than 50% of a period to be counted as being in attendance for that class period.
- C. In regards to tardiness: Accumulated tardiness affects absences.
- D. The principal or their representative should make an effort to verbally contact every student who has been absent for three (3) consecutive unexcused days or more in order to ascertain why the student is absent and to explain School Board attendance policy and procedure to the parents/guardians.
- E. The principal or their representative should send a notification to the parent/guardians to inform them of their student's unexcused nonconsecutive absences from school or classes and will also reconfirm the parish's attendance regulations.
 - a. Elementary will occur at intervals of three (3), five (5), and nine (9) nonconsecutive days.
 - b. Middle School will occur at intervals of three (3), five (5), and nine (9) nonconsecutive days.
 - c. High School will occur at intervals of three (3), five (5), and nine (9) nonconsecutive days nonconsecutive days in each Carnegie unit class.
 - d. Other notifications to parents will be handled through verbal contacts and documentation on student progress reports and report cards.
- F. A student's attendance for the year is cumulative and follows a student who transfers between schools during the school year.
- G. Each school shall identify students at their school who could be considered to be high risk for absenteeism. Each teacher of high-risk students should be notified that appropriate intervention strategies will be planned and implemented.
- H. The parent or legal guardian of a truant student must ensure that the student makes up missed work. This may include required after-school tutoring and/or weekend make-up classes. The parent or legal guardian of a truant student must attend monthly meetings at the school until the student has completed missing work. Failure to comply may result in penalties as outlined in R.S. 14:92,2.

- I. Principals are required to report student attendance concerns on the back of any Supplemental Security Income forms that the school receives for the child.

If a student meets the following criteria, he/she will be referred to Truancy Court:

- A. Grant, Montgomery, and Georgetown High School students who exceed 5 days of absence per semester in one or more Carnegie unit classes or as deemed eligible for referral by the Principal, and who do not provide a valid excuse according to the criteria for extenuating circumstances as listed above, shall be referred to Truancy Court.
- B. All other Grant Parish Schools students who exceed 10 days of absence or as deemed eligible for referral by the Principal and who do not provide a valid excuse according to the criteria for extenuating circumstances as listed above, will be referred to Truancy Court.

Are there exceptions to Compulsory School Attendance?

The only exception to the attendance regulation shall be extenuating circumstances that are verified by the Supervisor of Child Welfare and Attendance. Only the following shall be considered extenuating circumstances under which absences shall be exempt from provisions of compulsory attendance laws:

- A. Extended personal physical or emotional illness as verified by a physician or dentist.
- B. Extended hospital stays as verified by a physician or dentist.
- C. Extended recuperation from an accident as verified by a physician or dentist.
- D. Extended contagious disease within a family as verified by a physician or dentist.
- E. Prior school system approved travel for education.
- F. Death in the family (not to exceed one week)
- G. Natural catastrophe and/or disaster
- H. For any other extenuating circumstances, parents must make a formal appeal in accordance with the due process procedures established by the school system.

When a student has exceeded the allowable days of absence and no extenuating circumstances are present, the principal or his designee and two teachers (when possible) should review the student's absences before credit is denied. If the committee confirms no extenuating circumstances, the student and parents receive written notification of the decision to deny credit and are informed of the appeal process. **R.S. 17:221**

TRUANCY COURT

If a student meets the following criteria, he/she will be referred to Truancy Court:

1. Elementary School Students (Grades K - 5): Elementary School students who exceed a total of 10 days absence within the second semester or as deemed eligible for referral by the Principal and who do not provide a valid excuse according to the criteria for extenuating circumstances as listed above, will be referred to Truancy Court.
2. Middle School Students (Grades 6 - 8): Middle School students who exceed a total of 10 days absence within the second semester or as deemed eligible for referral by the Principal and who do not provide a valid excuse according to the criteria for extenuating circumstances as listed above, will be referred to Truancy Court.
3. High School Students (Grades 9 - 12): High School students who exceed 5 days of absence per semester or as deemed eligible for referral by the Principal, and who do not provide a valid excuse according to the criteria for extenuating circumstances as listed above, shall be referred to Truancy Court.

When will Truancy Court be held?

Truancy Court will be held periodically throughout the school year at the discretion of the Court.

Truancy Court and Discipline Court Notice to Parents/Guardians of School Age Children

The Honorable Judge Willett, in collaboration with the Grant Parish School Board's Child Welfare & Attendance Program, wishes to notify Grant Parish residents of Truancy and Discipline Court.

What is the purpose of Truancy Court and Discipline Court?

The purpose is to alleviate unexcused absenteeism and promote compulsory school attendance. School attendance is the single most important aspect to student achievement and lifelong success. Also, with new state mandates regarding high stakes testing and school accountability, school attendance is a must for academic success, but most importantly, it's the law. It will also help reduce serious discipline infractions in our public schools. Students who chronically violate Grant Parish School Board Discipline Policy shall also be recommended to court. **R.S. 17:233**

PERFECT ATTENDANCE FOR STUDENTS

To be considered for perfect attendance recognition, a student must attend 100% of all school days from bell to bell each and every day. Exceptions are not made for medical, extenuating circumstances, etc. A student who is tardy is not to be considered as in attendance for 100% of the school day.

CHILD SEARCH

Grant Parish School Board knows that you care about your child. Every child is unique, every child is different. Differences are wonderful, but some can cause problems in schooling. Louisiana schools are ready to help all children learn. We search for children who may:

- Have academic problems
- Not hear or see well
- Have trouble following directions
- Be slow starters
- Have discipline problems
- Have any other problem that would make school a difficult experience

We also look for babies and preschoolers who may:

- Have chronic illnesses
- Not walk or talk on time
- Have other developmental problems

We look because we have programs that may help! If you feel your child has a problem that affects his/her ability to learn and would like to schedule a conference with the teacher, **please** fill out the form and return it to the school's principal. A conference will be scheduled for you to be able to discuss your concerns and the option to refer your child to SBLC (School Building Level Committee). The SBLC is a team of teachers, administrators, special education teachers, and other school personnel who find ways to help your child with his/her problems.

The Grant Parish School System acknowledges its responsibilities to permit students and/or other individual with disabilities to participate in and benefit from School Board services, programs and activities, and to promote the nondiscrimination of individuals on the basis of disability. Therefore, the School Board shall permit the use of service animals by students and other individuals under appropriate circumstances.

The full policy may be viewed at www.grantpsb.org. For questions or to request a copy of the policy, please contact the Special Education Supervisor Denise Young via email dyoung@gpsb.org or phone at 318-627-3274.

SERVICES PROVIDED THROUGH GRANT PARISH SCHOOL BOARD

Services are unique activities or instructional services that meet the special needs of children with disabilities, identified handicaps under Section 504, Special Education, are homeless, or have limited English proficiency. These services include, but are not limited to, activities conducted in the classroom, in the home, in hospitals, and in the community.

Special Education

A student with an exceptionality is entitled to receive a free appropriate public education. Special education and related services must be available to meet the unique needs of the student and must be specifically designed for the individual student. Federal and State laws provide regulations that guarantee that a student with an exceptionality has equal opportunity to benefit from a free appropriate public education. State published regulatory bulletins are available through the LEA and/or the Division of Educational Improvement and Assistance in the Louisiana Department of Education. A free, appropriate public education is available to all children with disabilities within Grant Parish's jurisdiction from ages 3-21 inclusive. Grant Parish Schools provide educational opportunities for all children from birth through age 21.

Section 504

Section 504 is a section of the Rehabilitation Act that is available to students in Grant Parish who qualify for this service. Section 504 prohibits discrimination on the basis of a disability in any program receiving federal funds. A student is eligible so long as he/she meets the definition of qualified handicapped person, i.e., has or has had a physical or mental impairment, which substantially limits a major life activity. Grant Parish School Board has a [duty](#) to provide a Free and Appropriate Education to all students. Section 504 requires the provision of a free appropriate education for students covered, including individually designed programs. “Appropriate” means an education comparable to the education provided to non-handicapped students.

The student is not required to need special education in order to be protected. It is the intent of Grant Parish School Board to ensure that students within the district who are handicapped within the definition of Section 504 of the Rehabilitation Act are identified, evaluated, and provided with appropriate educational services.

SBLC (School Building Level Committee)

The Grant Parish School Board will utilize the SBLC to conduct the referral and assessment activities and determine eligibility for Section 504. SBLC will make any needed referrals for Special education evaluation to Grant Parish Pupil Appraisal Services. SBLC is a day-to-day problem-solving group of teachers within a particular school building that work as partners to seek answers to why students are not achieving in the general education classroom. The function of this committee is to help teachers cope with students who are having behavioral and/or learning problems. The goal of SBLC is to obtain more efficient and effective delivery of special help to children.

Response to Intervention (RTI):

Response to Intervention (RTI) is a tiered process that provides high-quality, research-based instruction and interventions that are matched to a student’s academic and behavioral needs. Grant Parish adopts the three-tier instructional model as outlined in the Louisiana Literacy Plan which includes: Tier 1-The Core Curriculum; Tier 2-Strategic Intervention; and Tier 3-Intensive Interventions. Additional essential components include monitoring academic and/or behavioral student progress and making data-driven decisions about student curriculum based on a review of that progress.

Literacy Screener

The Grant Parish School System recognizes that reading is a vitally important academic skill and the foundation for all academic learning. The Grant Parish School System administers the K-3 Literacy Screener to each kindergarten through third grade student three times a year. The K-3 Literacy Screener consists of a set of measures for assessing reading skills. This universal screening identifies which students may be at risk for experiencing reading difficulties. Teachers use this data to set and monitor literacy goals, as well as provide instructional support. The literacy screener also assists in identifying students for further evaluation for specific programming, including students who display characteristics of being dyslexic or gifted. Progress is monitored and reported to parents. **Act 422 of the 2023 Legislative Session prohibits the promotion to fourth grade if the student scores at the lowest level of the literacy screener with the exception of students who meet the criteria for a good-cause exemption.**

Dyslexia Screener

The Shaywitz DyslexiaScreen will be administered to ALL kindergarten students during the second half of the school year as required by Act 266. Students in other grades may be screened upon request by the teacher or a parent. Parents will be notified within 30 days of at-risk screening results.

SECLUSION AND RESTRAINT

The School Board recognizes that, in order for students to receive a free and appropriate education, a safe environment needs to be provided. In doing so, the School Board also recognizes that there are circumstances in school under which reasonable and appropriate measures and techniques will need to be employed in dealing with behaviors which pose an imminent risk of harm.

The School Board shall sanction the use of physical restraint and seclusion techniques by trained personnel in circumstances where school personnel reasonably believe that the student's behavior involves an imminent risk of harm to the student and/or others.

The full policy and applicable procedures may be viewed at www.grantpsb.org. For questions or to request a copy, please contact the Special Education Supervisor Denise Young via email dyoung@gpsb.org or phone at 318-627-3274.

INTERNET SAFETY AND TECHNOLOGY POLICY

Scope of This Policy

This policy is in addition to any other Grant Parish School Board policies currently in place. It does not take the place of or wholly supersede any previous policy. Portions of this policy that conflicts with previous policies supersede only the conflicting portion of the previous policy.

Internet Protection Measure

A technology protection measure is a hardware and/or software technology that restricts or filters access to specific areas or sites on the Internet. It provides a measure of protection against access by minors or adults to Internet resources that are obscene, contain child pornography, contain material harmful to minors (with respect to Internet access by minors), or are otherwise inappropriate in an educational environment. Grant Parish School District has had an Internet protection measure in place since 1999. The District uses various products which utilize blocking, scanning technology whereby specific Internet sites are included in a list of blocked sites and access to these sites is blocked. At the minimum, the blocked site list is updated daily. All Internet access in the District is filtered by multiple applications/software. While the filter is very effective in blocking inappropriate content, the Internet is a rapidly expanding resource and no filtering or blocking technology is 100% effective. The possibility exists that all inappropriate content may not be blocked or that a determined person may find a method to partially or completely circumvent the filtering or blocking method.

As a matter of policy, all Internet access from within Grant Parish School District will be filtered. There is no exception to this policy for students. In the case of Internet access by minors, the filtering mechanism may not be disabled for any reason. Certain employees, based upon their job, may be unfiltered with approval by and request of the Superintendent.

If a person feels an Internet site has been blocked in error, a written request from the school or central office department head must be submitted to the Technology Department who will review the site in question. If it is deemed that the site is wrongly blocked, the site will be opened. If there is any question about the appropriateness of the site, the Technology Department will make a recommendation to the Superintendent for a final decision.

Access by Minors to Inappropriate Material in the Internet and World Wide Web

The Internet is a vast and invaluable educational resource. However, in a worldwide network, there exists a small amount of information that is not appropriate for minors or an educational setting. Active measures such as filtering Internet access have been taken to minimize the chance of access by minors to these inappropriate materials. Additionally, as in other school matters, student use of the Internet will be supervised by school staff to reduce the chance a student will access inappropriate material. In order to educate students on appropriate use of the District system and the Internet, personnel who are responsible for supervising student access to the District's system will provide information to students emphasizing ethical and appropriate use of these resources.

Safety and security of minors when using electronic mail, chat or other direct communications

Due to the problems involved with providing adequate supervision of electronic communications, student email accounts will not be issued by Grant Parish School Board for grades PK-8th. Accounts may be issued for high school students to assist with college applications, etc. Additionally, two-way, real-time electronic communication technologies such as Internet-based instant messaging and Internet chat between students will not be allowed within the District. Furthermore, the participation by students in asynchronous electronic forums or bulletin boards that are not exclusively of educational nature is prohibited. The exception to this is pre-approved, temporary access to such technologies for a specific educational need. Such usage must have prior written approval from the Technology Department and will be granted on a temporary basis. Written requests for access to these technologies from the school principal or central office department head must be submitted to the Technology Department for written approval. If there is a question about the appropriateness of the access, the Technology Department will make a recommendation to the Superintendent for a final decision.

Hacking, Vandalism, and Unauthorized Access

Malicious attempts to harm, deface, degrade, or destroy District equipment, software, or data or the data of another user or system to which the District network is connected is strictly prohibited. Such action includes but is not limited to intentionally uploading or creating computer viruses, "hacking" of websites, or intentionally degrading or disrupting system performance. Additionally, attempting to log on to the system by using another person's password or attempting to access District resources, or those resources connected to the District network, for which the user does not have permissions or rights is prohibited. These actions will be viewed as violations of District guidelines and policy and, possibly, as criminal activity under applicable state and federal laws.

Unauthorized disclosure of personal information

Unauthorized disclosure, use, and dissemination of personal identification information regarding minors are prohibited. Requests for account usernames and passwords will never be requested via email and any such requests should be regarded as unauthorized and should be immediately reported to the school principal or department head. Requests for personal information regarding students or staff should not be honored via email. Such requests should always occur by means of personal contact. All Board policies, state, and federal laws should be followed when a request for personal information of any sort is made.

Measures Restricting Access by Minors to Inappropriate Materials

The safety and protection of students while using the Internet or District network resources is of primary importance. Therefore, active measures will be taken to restrict, to the maximum extent reasonably possible, students' access to inappropriate material on the Internet and District network. The first of these measures is the filtering of all Internet access in the District as described above. As noted before, no filtering system is perfect and cannot substitute for staff supervision of student Internet use. As noted above, forms of electronic direct, real-time communication such as instant messaging and Internet chat are very difficult to supervise and the instant nature of the communication increases the danger that inappropriate messages will be sent or received. Because of the difficulty in supervising this type of communication, it is prohibited as outlined above.

Email and General Technology Guidelines

Email, web access, and other electronic communications should not be considered private. While it is a violation of policy for a user or student to attempt to gain access to information for which they do not have authorization, authorized staff may monitor or examine email, file folders, and communications to maintain system integrity, to ensure users are using the system responsibly, or for any other reasonable purpose.

The hardware, software, and networks that the Grant Parish School Board operates on have been purchased with public funds. For this reason, it should not be considered a private, personal form of communication. Authorized staff may actively monitor email or other electronic communications, web site usage, and searches. The contents of any communication of this type would be governed by any applicable public records law.

District computers, software, networks, and Internet access are provided to support the administrative and instructional functions of Grant Parish School Board. These resources are to be used primarily for education/ curriculum related purposes. Incidental personal use of district technology resources or equipment must not interfere with the employee's job performance or student learning. Additionally, such use must not violate this or any other Board policy, must not damage the district's hardware, software, or networks, or significantly degrade the quality of service of the District's technology resources.

Personal information on any staff member or student shall not be released by email.

All users must follow existing copyright laws and restrictions regarding computer software and must not use District computer systems to violate any software license agreement, or any applicable federal, state, or local laws.

All web pages, or electronic publications created by any organization, staff, student, or other person that are housed or created on the District's computer systems will be subject to treatment as district-sponsored publications. Therefore, the district reserves the right to exercise editorial control over the content of these web pages or publications. Only content that supports the administrative, instructional, or other legitimate mission of the school or department will be allowed on District websites. Additionally, no web page/ social media platform that represents any school, department, organization, or person of the Grant Parish School Board will be linked to the official GPSB website without permission of the Technology Department.

District web pages or publications are not considered to be open, public forums. No such public forum may be created on any district web site to receive input from the public on any issue, educational or otherwise. District websites/ social media platforms shall be considered closed forums and shall be used only to transmit information to the public.

District sponsored web sites may contain links to web sites that are outside of the District site. While district personnel will make every reasonable effort to research links for appropriateness, these third-party sites are not under the control of the District and Grant Parish School District is not responsible for the contents of any linked site, any link contained within the linked site, or any changes or update to the linked site that may change its appropriateness. These links are provided as a convenience to users and their inclusion does not imply endorsement of these sites by Grant Parish School Board.

Students bringing obscene, vulgar, pornographic, racist, gang-related, hate, or other inappropriate material into the District's electronic environment are subject to applicable District policies and federal, state, or local laws. Appropriate disciplinary action or criminal charges may be applied to such actions. Staff members who knowingly bring obscene, vulgar, pornographic, racist, gang-related, hate, or other inappropriate material into the District's electronic environment will be subject to disciplinary action or charges in accordance with District policies or federal, state, and local laws.

Games and other software that is not of specific educational or administrative nature shall not be placed on any District computer. All software that is installed on District computers must be for a specific educational or administrative purpose. Acceptable educational games must be primarily marketed for instructional purposes. Games that are not particularly designed for or marketed specifically to the education market are not allowed on District computers. Educational software must address a benchmark, standard, or lesson plan. Excluded from this are programs that are packaged with computer operating systems, utility programs such as anti-virus software, or utility software that enhances access to a computer's resources such as multimedia utility software. If there is a question about the appropriateness of a particular software title, a request in writing should be made to the Technology Department.

Violation of Policy

In the case of students, the violation of any policy may result in the cancellation of user privileges and/or disciplinary action including expulsion or suspension. In the case of staff, the violation of any policy may result in the cancellation of user privileges and/or disciplinary action in accordance with tenure laws and due process provisions. Such acts may also result in criminal prosecution under applicable state and federal laws. In the case where such actions result in the District incurring costs to restore the network system, hardware, software, or data, the Board will require restitution for restoration costs.

GRANT PARISH SCHOOL BOARD TECHNOLOGY ACCEPTABLE USE POLICY

Technology resources will be used in the Grant Parish School Board (GPSB) to enhance student learning by providing the student with the latest tools to make learning relevant. The district recognizes that this access gives the student greater opportunities to gain future-ready technology and communication skills that will prepare him/her for work, life, and citizenship. This is accomplished by facilitating student research, differentiating instruction, accommodating student needs, augmenting student communication skills, and motivating the student to become a life-long learner. To that end, we are pleased to provide these resources to all GPSB students.

Grant Parish Technology Resources, as used herein, may include, but shall not be limited to, the following: Internet access, wired and wireless network, servers, cloud services, content filter, desktop computers, mobile computers (laptop, iPad, Chromebook), email, videoconferencing capabilities, electronic files, online collaboration capabilities, and numerous instructional resources delivered with computer technology. STUDENT FEES, FINES, AND CHARGES

The Grant Parish School Board may impose certain student fees or charges to help offset special costs incurred in the operation of specific classrooms, subjects, or sports. Generally, students should not be denied or delayed admission or denied access to any instructional activity due to failure or inability of their parent or guardian to pay a fee. Report cards and other academic records cannot be withheld for failure

to pay a fee, pursuant to La. Rev. Stat. Ann. §17:112 (C). However, graduation and other school extracurricular activity participation may be withheld due to unpaid fees.

The School Board shall ensure that the following information regarding student fees be published on the School Board's website and on the website of each school, as well as in each school's student handbook. Please refer to your child's school handbook for the information specific to the following:

- Descriptions of each student fee being charged
- The dollar amount of each student fee
- How each student fee will be collected and used
- The deadline by which each student fee is due and the desired method of payment

All requests for economic hardship waivers of student fees and any and all supporting documentation used in considering the validity of any request for a waiver shall be confidential.

PROBLEMS AT SCHOOL

Where do I start when my child has a problem at school?

The best place to begin is with your child's teacher. The teacher is most likely to have the most information about the problem. Starting with the teacher also demonstrates respect.

When a problem arises, should I call the school or go there in person?

Minor issues can generally be addressed successfully over the phone. If you feel that a face-to-face visit is necessary, be sure to make an appointment.

When a problem comes up, how should I deal with the school?

Try to keep an open mind, get the facts, and write them down. You will then be in a better position to clearly discuss what you see as the issue is resolved.

Who should I believe when told about an incident that happened at school?

Often the conflict and emotions that arise from an incident cloud the retelling. You should look for the facts and suspend judgment until you have heard about all sides of the story.

RESOURCE OFFICER

In 2001, the Grant Parish School Board partnered with the Grant Parish Sheriff's Department to hire a school resource officer for the Grant Parish School System. A school resource officer is a commissioned police officer that is assigned to work schools. The officer is trained for the specific tasks of working in the school environment.

A school resource officer teaches law-related classes to students, does informal counseling with students and law enforcement in the schools. The school resource officer is not a disciplinarian but may assist school administrators and faculty when called upon to do so with such issues. If an incident occurs within the school system that is determined to be a criminal matter, the school resource officer will assist the administrator with the investigation of that incident. A student may face criminal charges and/or disciplinary action under the Grant Parish School Discipline Policy.

The purpose of a school resource officer in our schools is not to intimidate students. A school resource officer promotes a positive relationship between law enforcement officials and students. The officer is a friend to the students and helps promote positive behavior. School resource officers help protect every student from all forms of school violence.

The Grant Parish Resource Officer will be notified and will investigate the actions listed below. This investigation may result in criminal charges being filed.

- Fighting
- Possession of Category II or III drugs or tobacco
- Striking of staff or faculty
- Possession of weapon(s) prohibited under federal law, defined in section 921 of Title 18 of the US Code
- At any other time, the principal or his designee deems law-enforcement intervention is appropriate

STUDENT SEARCHES

The Grant Parish School Board is the exclusive owner of any public school building and any desk or locker utilized by any student contained therein or any other area that may be set aside for the personal use of the students. Any school administrator/designee (such as teacher, principal, other school administrator, or school security guard) employed by the School Board, having a reasonable belief that any public school building, desk, locker, area or grounds of any public school contains any weapons, illegal drugs, alcoholic beverages, nitrate based inhalants, stolen goods, or other items the possession of which is prohibited by any law, School Board policy, or school rule, may search either physically or with the use of metal detectors such building, desk, locker, area or grounds of said public school. The acceptance and use of locker facilities or the parking of privately owned vehicles on school campuses by students shall constitute consent by the student to the search of such locker facilities or vehicles by authorized school personnel. Students shall have no expectation of privacy in use of the lockers which have been assigned to them.

The School Board reserves the right to inspect or search at any time lockers, desks, or any facilities, objects, or vehicles on the school campus, or other areas used by students. Any student not present during the search shall be informed of the search immediately thereafter.

Students and parents shall be notified in writing at the beginning of each school year of the School Board's authority to conduct unannounced searches of students, lockers, automobiles, school employees, and any other person or object on School Board property and at school sponsored events. Signs of high

visibility informing the general public of the School Board's search authority shall be posted at entrances to all School Board buildings.

Whenever law enforcement officers are called in or involved in a search for drugs or the presence of other illegal items on school grounds, including vehicles on campus, the law enforcement officers shall direct the search process. School personnel involvement shall be limited to identification of students and to provide assistance to the officers. Any suspected drug items found shall be tested for identification. Any extra expense incurred in identification shall be assumed by the School Board.

Upon finding any prohibited items, the student shall be automatically suspended and/or recommended for expulsion by school authorities, as appropriate. Investigative facts and/or seized items shall be immediately turned over to the proper law enforcement officials.

Whenever any search is conducted pursuant to this policy, as soon as is reasonably practical a written record shall be made thereof by the school administrator/designee conducting the search and such record shall include the name of the student and/or person(s) involved, the circumstances leading to the search and the results of the search. This written, dated and signed record shall be filed and maintained in the school administrator's office, and a copy of it shall be sent to the Superintendent within five (5) days. The student(s) and parent(s)/guardian(s) shall be given a written receipt for any item(s) seized and/or impounded by the school administrator/ designee.

No actions taken pursuant to this policy by any teacher, principal, administrator, or school security guard employed by the School Board shall be taken maliciously or with willful and deliberate intent to harass, embarrass or intimidate any student.

SEARCH OF STUDENT'S PERSON

Any school administrator/designee employed by the School Board may search the person of a student or his/her personal effects when, based on the attendant circumstances at the time of the search, there are reasonable grounds to suspect that the search will reveal evidence that the student has violated the law, School Board policy, or a school rule. Such a search shall be conducted in a manner that is reasonably related to the purpose of the search and the nature of the suspected offense. Such factors to be considered in determining the manner in which searches may be conducted are:

1. Age and sex of student
2. Behavior record of student
3. Need for search
4. Purpose of search
5. Type of search
6. Reliability of the information used to conduct search
7. The relative importance of making the search without delay
8. Nature and severity of problem in overall school environment

Random searches with a weapons detector and/or metal detector of a student or his/her personal effects may be conducted at any time, provided such searches are conducted without deliberate touching of the student.

Any search of a student's person shall be done privately by a school administrator/designee of the same sex as the student to be searched. At least one witness who is of the same sex as said student shall be present throughout the search. Detailed documentation shall be made of all searches.

SEARCH OF VEHICLES

The School Board shall require students who bring vehicles on campus to register those vehicles and to provide the school authorities with a *consent to search* of such vehicle signed by the student, parents and/or owner of the vehicle. Any vehicle parked on School Board property may be searched without consent at any time by a school administrator/designee when such school administrator/designee has articulable facts which lead the school administrator/designee to a reasonable belief that weapons, dangerous substances or elements, illegal drugs, alcohol, stolen goods, or other materials or objects the possession of which is a violation of law, School Board policy or school regulations will be found. Searches may also be conducted to assure compliance with health, safety, and/or security laws, rules, or regulations. Such searches shall be conducted in the presence of the student whenever possible.

If the automobile is locked, the student shall unlock the automobile. If the student refuses to unlock the automobile, proper law enforcement officials shall be summoned, and the student shall be subject to disciplinary action. Any student not present during the search shall be informed of the search immediately thereafter.

CONFISCATION

Upon proper school personnel confiscating any firearm, bomb, knife, or other implement which could be used as a weapon, or any controlled dangerous substance, the principal or designee shall report the confiscation to the proper law enforcement officials. Any implement or material confiscated shall be retained, cataloged, and secured by the principal so as to prevent the destruction, alteration, or disappearance until such time as the implement or material is given to law enforcement personnel for disposal. Parents shall be notified of any item impounded. Any principal or designee failing to report any prohibited weapon or confiscated material or implement to the proper law enforcement officials or failing to properly secure any weapon or confiscated material or implement shall be subject to appropriate disciplinary action as may be determined by the Superintendent and/or School Board.

INDEMNIFICATION

Indemnification of any School Board employee who is sued for damages based on any act or omission in the directing of and disciplining of school children shall be made by the Grant Parish School Board to the extent required by state law.

GUIDELINES FOR USE OF METAL DETECTORS

The Grant Parish School Board, to help ensure the safety of its students and employees, has approved the use of metal detectors in schools. Strict guidelines will be followed to ensure that searches conducted with a metal detector are lawful, unbiased, and respectful of the right of privacy. This policy is based on La. R.S. §17:416.3, Paragraph A, Subsection (2) (B). Schools may utilize a weapons detector if available on campus in conjunction with a metal detector and/or wand.

PURPOSE

School systems in Louisiana are faced with ever-increasing violence and the use of weapons on or adjacent to school campuses and at after-school social functions. In this connection, it is generally believed that walk-through and metal detectors could prove useful as a deterrent when utilized in a

publicized search program. The purpose of these guidelines is to deter students from bringing weapons onto school property, thus reducing the potential for violent incidents.

NOTIFICATION

1. Signs shall be posted outside the entrances to School Board facilities in order to provide notice to all persons that they are subject to search as a condition of entry.
2. The parent or guardian of every student should be notified that searches will be conducted. This notice should be done in a way to ensure that the parents have received the notice.
3. The parent of the student will be notified if a weapon is found.

USE OF METAL DETECTORS

Only those administrators who have been trained and certified in the use of metal detectors are allowed to make searches. The search plan will be as follows:

1. Search students at random as they enter school, enter the cafeteria, and leave school, search all or every third, fourth, or fifth student
2. Select at random an entire class to search upon entering, and/or upon leaving the classroom
3. Search all students as they enter or leave the premises.

INDIVIDUAL SEARCHES

A principal or administrator may search the person of a student or individual with or without a metal detector when the administrator has a reasonable suspicion that the student or individual has in possession a weapon, illegal drugs or other contraband.

DETECTOR SEARCH PROCEDURE

When conducting a detector search of a student or individual the administrator shall request that all metal objects be removed from pockets and placed on a tray, along with any bags or parcels being carried. If the detector activates on the individual, the administrator conducting the search shall request that any remaining metal objects be removed. If the detector activates again the individual should be taken to a private area and personally searched by a search team member of the same sex. A witness of the same sex should be present during this portion of the procedure. Full strip searches are to be avoided. Once the object causing the metal detector to activate has been removed, the individual shall be searched again with the metal detector, and the search will continue only if the detector activates again. A physical exam will be made of all bags and parcels belonging to the individual.

DISCOVERY OF CONTRABAND

Should an individual be found in possession of contraband (such as weapons, illegal drugs, or other prohibited objects), the search team member shall notify the appropriate school official and/or law enforcement officer. The law enforcement officer shall take custody of all weapons and illegal drugs. The administrator should attempt to notify parents of a student when a discovery of contraband has been made.

RETURN OF PROPERTY

All property removed from an individual that is not prohibited by School Board policy shall be returned to the individual upon completion of the search.

SCHOOL GROUNDS

Following completion of a search of students, the search team should conduct a perimeter search of the school grounds for weapons or other contraband.

STUDENT ACCESS OF AUTOMOBILES

During the school day students shall not enter automobiles on or near campus without permission from teacher or principal. This will reduce student access to weapons or contraband.

GRANT PARISH CODE OF CONDUCT

It is the purpose of the Grant Parish School Board to operate the schools in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend these schools. The school's primary goal is to educate, not discipline; however, when the behavior of the individual student comes in conflict with rights of others, corrective actions may be necessary both for the benefit of that individual and the school as a whole.

The Grant Parish School Board shall endeavor to address student behavior with a focus on evidence-based interventions and supports, and to prioritize classroom- and school-based interventions in lieu of out-of-school disciplinary removals to address student misconduct in order to minimize the loss of academic instructional time. Every teacher and other school employees shall endeavor to hold each student accountable for his/her behavior in school, or on the playgrounds of the school, on any school bus, on the street or while going to or returning from school, during intermission or recess, or at any school sponsored activity or function.

Multi-Tiered Systems of Support (MTSS) is a proven, research and evidence-based framework used in school settings to address the academic, behavioral, social, and emotional needs of students. It utilizes a three-level framework to employ evidence-based and data-driven decision making to ensure student success through the use of appropriate interventions. Successful implementation of MTSS requires all teachers, administrators, students, families, and the community working together to support the student. MTSS aligns with other school programs including PBIS (Positive Behavioral Interventions and Supports), SEL (Social Emotional Learning), and Special Education Services.

Positive Behavioral Interventions and Supports (PBIS) is a proven, research and evidence-based discipline program that emphasizes school-wide systems of support that include strategies for defining, teaching, modeling and supporting appropriate student behaviors to create positive school environments. PBIS emphasizes teaching students to behave in ways that contribute to academic achievement and school success and that support a school environment where students and school staff are responsible and respectful. PBIS also emphasizes the need for school staff to promote appropriate behaviors by teaching, modeling, reinforcing and monitoring appropriate behaviors and by treating many minor misbehaviors as

“teaching moments” rather than punishment opportunities. PBIS recognizes that effective school discipline is anchored to meaningful corrective instruction and guidance that offers students an opportunity to learn from their mistakes and contribute to the school community. PBIS also involves ongoing monitoring of discipline data to ensure equitable school-based discipline practices are implemented in a fair and non-discriminatory manner.

The Student Code of Conduct complements and supports the district-wide implementation of MTSS and PBIS to foster student academic and behavioral success.

To assist the teacher, the School Board shall establish regulations for the use of disciplinary measures within the schools and continually monitor and appraise their usefulness. Discipline shall be administered uniformly, consistently, and in a nondiscriminatory manner, in accordance with the School Board’s *Student Code of Conduct* as follows:

POSSIBLE CORRECTIVE STRATEGIES

TEACHER/STAFF INTERVENTIONS

Each school is required to have a documented minor fraction policy in accordance with their school-wide MTSS and PBIS plans.

The following classroom interventions may be used to correct student behavior:

- Restating desired behavior/expectation and verbal reminder
- Re-teaching of desired behavior/expectation; student-teacher conference
- Verbal warning
- Assignment of extra duties
- Limited access recess
- Supervised isolation of the student within the classroom (time out)
- Assignment of reasonable written work
- Written warning, phone call/note home
- Behavioral Contract
- Individual Behavior Plan
- Referral to SBLC
- Referral to counseling service
- Peer mediation/conflict resolution
- Parent conference
- Detention - during school hours (i.e., not including recess detention)

ADMINISTRATIVE INTERVENTIONS	
Disciplinary Intervention/Consequence	Brief Description
Student Conference	The principal and/or designee meets with the student regarding the discipline incident to discuss what happened and steps that the student can take in the future to prevent further discipline incidents.
Peer Mediation	Meeting between two or more students to discuss a discipline incident and work out a meaningful and peaceful resolution between the students.
Restorative Justice	Restorative justice empowers students to resolve conflicts with the help of the school community through means that bring students together in peer-mediated small groups to discuss the infraction that occurred and determine a consequence/intervention that restores the school community.
Before or After School Detention	Morning, afternoon, or recess detention is held at the school site. An administrator, certified teacher or school staff monitors the detention activities. The child does not miss class time. The parent must drop their child off for Morning Detention and pick them up following After School Detention. No transportation is provided to students assigned to detention. Parents are given a minimum of a 24-hour notice prior to the student serving the ASD. Failure to report for detention as scheduled without reasonable explanation will result in additional disciplinary action unless there is a documented reason as per policy why the child cannot attend.
Behavior Intervention Plan	A student specific plan that is aimed at improving problem behavior. Parents, students and school staff work together to develop and implement this plan
Referral to School Building Level Committee (SBLC)	A referral to this multidisciplinary (licensed social workers, school counselors, teachers, nurses and other essential members) team is suggested to initiate a problem-solving process. The parent, and sometimes the student dependent upon age, will be invited to participate as the team assesses each individual situation to uncover the root of the problem behavior and provide appropriate interventions to prevent further problem behavior.
In-School Detention (ISD)	May take place during breaks in a school day or during an elective period. It cannot exceed 1 hour/period per day or remove the student from core academic instruction. Student may not be kept from participating in these activities for more than three (3) consecutive days because of discipline or makeup.
Bus Suspension	Corrective consequence for violations of the Student Code of Conduct that occurs on the bus. It involves removal of the ability to ride the bus to and from school for a number of days not to exceed five school days maximum.
Non School Day/Alternate Day/Non-Calendar Day Detention	Detention is held at the school site on a non-instructional day. An administrator, certified teacher (If paid through district funds) or school staff monitors the detention activities. The child does not miss 9 class time. The parent must drop off and pick up their child at the designated time. No transportation is provided to students assigned to detention. Parents are given a minimum of a 24-hour notice

	prior to the student serving the ASD. Failure to report for detention as scheduled without reasonable explanation will result in additional disciplinary action unless documented reason as per policy why the child cannot attend.
In-School Suspension (ISS)	ISS is a corrective consequence for violations of the Student Code of Conduct that involves the temporary removal of a student from regular school classes and the placement of a student in an approved in-school setting during the course of the school day. Students assigned to ISS are required to complete relevant social skills activities that relate to their referral concern(s), as well as their academic class work and other assignments that are in keeping with the student's curriculum. Assignment to ISS may occur for specific periods of time (e.g., 1 hour to 3 school days for 1 offense) deemed appropriate by the school district administrative team to effectively address behavioral infractions for which ISS is an appropriate consequence. ISS includes planned remediation designed to teach the student replacement behaviors and generalization strategies to assist the student in displaying the replacement behaviors in the school environment, as well as restorative justice practices, if appropriate. Students who are assigned ISS will be marked present and are allowed to complete missed class work/tests for full credit.
Loss of Privileges	A student may be denied certain privileges such as attending games or school dances for misbehavior.
Out of School Suspension	Out of school suspension means the removal of a student from all classes of instruction on public school grounds and all other school-sponsored activities. In all instances of suspension, parents shall be notified by telephone if they can be reached with reasonable effort, and by letter from the principal with a copy of the suspension notice to be given to the student. During any period of suspension, the student shall not be permitted to be on school grounds or attend any school – related activity, including band, athletics, chorus, strings, etc.
Parent Contact/ Conference	Phone calls, notes home, letters, meetings with parents, automated calls, emails. Must occur each time a State Form is completed.

Restitution or Repair	Payment or repair for damages to property belonging to the school system or to property contracted to the school system or any property on school grounds owned by a school employee or student. A student may be suspended for damages and shall not be readmitted until payment in full has been made for such damage, an alternative restitution arrangement has been executed, an alternative payment plan has been arranged, or until directed by the superintendent of schools. If the property damaged is a school bus owned by, contracted to, or jointly owned by any city, parish, or other local public school board, a student suspended for such damage shall not be permitted to ride any school bus until payment in full has been made for such damage, an alternative restitution arrangement has been executed, an alternative payment plan has been arranged, or until directed by the superintendent of schools.
Emergency Conference	After a referral for an emergency conference and an emergency conference, a parent/guardian may be required to bring a student to a medical provider (Medical Doctor, Psychologist, Psychiatrist, or Nurse Practitioner) for a threat assessment. A parent or guardian must report to the school for a conference immediately to review a situation deemed as an emergency. The parent/guardian is given 72 hours to provide the school documentation that the child has been seen by a medical provider listed and notice of whether the child is cleared or referred for further services by the provider. If a parent does not comply with the timeline, the school will make a referral to the Department of Child and Family Services regarding the situation and include the fact that the parent has not provided documentation from a medical provider for the child.

- D. Maintain reports/complaints and investigative reports for three (3) years.
- E. As applicable, provide a copy of any reports and investigative documents to the School Board for disciplinary measures, or to the Louisiana Department of Education, as necessary.

HANDLING EVIDENCE - Whenever an employee/administrator receives notice of bullying or hazing, or similar behavior, such as threats, any physical evidence of the act/communication shall be secured in the building administrator's office with as little physical contact as possible. If the act/communication is in the form of graffiti, the area shall be sealed off by the building administrator. Photographs shall be taken as soon as possible. Student/public exposure shall be as minimal as possible. Graffiti shall not be removed until law enforcement has properly examined the area.

APPEAL - If the school principal or his/her designee does not take timely and effective action in any bullying incident, the student, parent, or school employee may report, in writing, the incident to the superintendent or school board designee. The superintendent or school board designee shall begin an investigation of any properly reported complaint that alleges prohibited conduct the next business day during which school is in session after the report is received by the superintendent or school board designee. PARENTAL RELIEF - If a parent, legal guardian, teacher, or other school official has made four (4) or more reports of separate instances of bullying, and no investigation pursuant to state law or this policy

has occurred, the parent or legal guardian of the alleged victim may request that the student be transferred to another school operated by the School Board. Upon receipt of the request to transfer the student to another school, the School Board shall make a seat available at another school under its jurisdiction within ten (10) school days of the parent or legal guardian's request for a transfer. If the School Board has no other school under its jurisdiction serving the grade level of the victim, within fifteen (15) school days of receiving the request, the Superintendent shall: Inform the student and his/her parent or legal guardian and facilitate the student's enrollment in a statewide virtual school. Offer the student a placement in a full-time virtual program or virtual school under the School Board's jurisdiction. Enter into a memorandum of understanding with the Superintendent or director of another governing authority to secure a placement and provide for the transfer of the student to a school serving the grade level of the student, in accordance with statutory provisions.

If no seat or other placement is made available within thirty (30) calendar days of the receipt of the request by the Superintendent, the parent or legal guardian may request a hearing with the School Board, which shall be public or private at the option of the parent or legal guardian. The Board shall grant the hearing at the next scheduled meeting or within sixty (60) calendar days, whichever is sooner.

At the end of any school year, the parent or legal guardian may make a request to the School Board to transfer the student back to the original school. The School Board shall make a seat available at the original school that the student attended. No other schools shall qualify for transfer under this provision.

CHILD ABUSE - The provisions of this policy shall not be interpreted to conflict with or supersede the provisions requiring mandatory reporting pursuant to Louisiana Children's Code, Art. 609 and as enforced through La. Rev. Stat. Ann. §14:403.

DISCIPLINARY ACTION - Once a report has been received at a school, and a school principal or his/her designee has determined that an act of bullying, hazing, discriminatory harassment or similar behavior has occurred, and after having met with the parent or legal guardian of the student involved, the principal or his/her designee, or applicable school official shall take prompt and appropriate disciplinary action against the student, and report criminal conduct to law enforcement. Counseling and/or other interventions shall also be implemented. Students may be disciplined for off-campus bullying, hazing, or similar behavior the same as if the improper conduct occurred on campus, if the actions of the offender substantially interfere with the education opportunities or educational programs of the student victim and/or adversely affects the ability of the student victim to participate in or benefit from the school's education programs or activities.

Should the investigation determine that an incident has occurred; the student(s) involved shall be disciplined in accordance with this policy. Bullying and intimidation will not be tolerated. Disciplinary action will be taken following each confirmed incident of bullying.

Disciplinary action after the first incident of bullying may include but is not limited to the following:

Student(s) may be suspended/expelled from school as follows:

- First offense: 4 days out of school suspension (8 days ISS may be substituted if available) in addition to other interventions
- Second offense: Students in grades 4-12 who are guilty of bullying for a second time as determined by the school administrators will be recommended for expulsion.
- Serious cases: In more serious cases, students may be recommended for expulsion on first offense.

The action may range from mandatory counseling sessions, or any form of Administrative action(s) found in the Disciplinary Policy.

- a) Principal will investigate, contact the parent and determine appropriate action. Discipline may include counseling, suspension/expulsion from school and other forms of disciplinary action as deemed necessary. Mandatory session with appropriate school board personnel may be required.

6. Go directly home after leaving the bus.

Parents' Responsibilities:

The task of transporting students safely and efficiently can only be successfully accomplished with the cooperation and help of parents who are encouraged to reinforce safety guidelines with their children and to support and appreciate disciplinary measures. All of these policies are designed to help insure a SAFE and pleasant ride for ALL students. Knowledge and support by parents concerning student responsibilities and disciplinary guidelines will help the students retain their privilege of riding a school bus. Listed below are responsibilities which parents should assume in order to reach the goal of a safe ride for everyone.

1. Make sure your children are at the bus stop five (5) minutes before scheduled bus arrival. Be sure they dress appropriately for the weather, since they may have to wait in the rain or cold.
2. Supervise your children to, from and at the bus stop for their safety and protection.
3. If you have to pick up your children from the school, please do so in a timely manner. Failure to do so could result in your children being turned over to our Grant Parish Sheriff's Department Resource Officer.
4. Equip your children with backpacks or book bags which free their hands for balance and holding onto the bus handrail.

5. Teach your children the rules for safe bus riding (see students' responsibilities).
6. Teach your children their address, phone number and bus number.
7. Items and objects that are not permitted on the bus must be taken to school in some other way (see items not allowed on buses).
8. Report illegal and/or unsafe school bus driving to the Transportation Department immediately.
9. Assume responsibility for the behavior of your children while they are riding the bus and at the bus stop. If bus riding privileges are revoked, parents must provide transportation to and from school, until privileges are reinstated.
10. All motorists should know and obey the Louisiana school bus stop law La RS 32:80.
§80. Overtaking and passing school buses
 - The driver of a vehicle upon a highway meeting or overtaking from any direction any school bus that has stopped for the purpose of receiving or discharging any school children shall stop the vehicle not less than thirty feet from the school bus before reaching such school bus when there are in operation on said school bus visual signals as required by R.S. 32:318, and said driver shall not proceed until such bus resumes motion or the visual signals are no longer activated.
 - The driver of any school bus is authorized to notify the appropriate law enforcement authority of any violation of this Subsection within twenty-four hours of the violation. This notification shall be in writing on a form provided to the bus driver by the school board, shall be signed by the school bus driver, under penalty of criminal prosecution, in the presence of two witnesses, and it shall include the license plate number and color of the vehicle. The notice may be sent to the appropriate law enforcement agency by mail, fax, or electronically. If mailed, the notice shall be deemed timely if postmarked the day after the violation.
 - The appropriate authority may issue a citation to the owner or, in the case of a leased vehicle, the lessee of the vehicle involved, on the basis of this information. The owner or lessee shall not be cited if the vehicle is stolen, or if another driver is cited for the violation.
 - Any person convicted of violating this Subsection shall be fined not less than one hundred dollars nor more than five hundred dollars or imprisoned for not more than six months, or both, in accordance with the provisions of R.S. 32:398.2, and shall have his driver's license suspended in accordance with the provisions of R.S. 32:414(A)(2).
11. At no time is anyone allowed to step onto a school bus who is not a Grant Parish student or a Grant Parish School employee.

Items Not Allowed On Buses - Students are not permitted to bring large items on the bus that cannot be held in their lap or stored under a seat. This includes large band instruments, boxes, or projects. Students are not allowed to store items in the front of the bus under the dash or next to the driver. Also, the transportation of animals, weapons, drugs, and objects that pose a threat to the passengers is strictly prohibited.

Lost and Found - Items accidentally left on the school bus will generally be kept on the bus by the driver for one or two days. If unclaimed, items will be turned in to the respective school.

Safety Tips - Be aware of the Danger Zone – The Danger zone is the ten (10) feet area around the bus. The bus driver can't see you when you are in the Danger Zone. If the bus starts moving while you are in the Danger Zone, you could be injured.

Safety Tips at the Bus Stop

- Wait away from the road.
- If it is dark outside, make sure you are visible. Wear light colored clothing.
- Don't fool around while waiting on the bus.
- Wait until the bus comes to a full stop.
- Walk to the bus single file.
- Use the handrail to get on and off the bus.
- Move away from the door quickly once you are off the bus.
- If you must cross the road, walk at least ten (10) steps ahead of the bus along the edge of the road.
- Wait until the driver signals you across the road – check traffic first.

Weather / School Closings

- There is always the possibility that inclement weather may hinder transportation services. Parents should remind students on days when there is snow, ice or flooding and school is in session, that buses will often be running late.
- JTEXTS will be utilized to communicate transportation information to parents/guardians. It is imperative that parents/guardians provide current and accurate contact information to the school in order to receive these notifications.
- To determine if school has been dismissed, parents and students may also check the GPSB webpage or Facebook page, listen to the radio, or watch the television. Listed are the stations that receive school cancellation information before 6:00 a.m.
 - Television: KALB, KLAX
 - Radio: KLAA FM 103.5, KRRV FM 100.3, KVDP FM 89.1

Emergencies - In the event of an emergency on the school bus, students must always cooperate with the bus driver. Students should remember to remain calm and be quiet so they can hear the driver's instructions. This is especially critical if it becomes necessary to evacuate the bus due to an immediate hazardous condition.

Riding a Different Bus - Students who wish to ride a bus other than their assigned bus (i.e., going home with a friend, going to a babysitter, etc.) should provide the school with a note from their parent or guardian. If the request cannot be granted, the parent or guardian will be contacted.

Late Buses - Despite everyone's best efforts to keep the buses on time, it is inevitable that buses will sometimes be late. Unforeseen situations such as mechanical breakdowns or traffic congestion can prohibit the bus from being on time. When these situations occur, the Transportation Department makes every effort to get the bus back on schedule; however, it is not always possible.

Parents are encouraged to wait with their children at the bus stop. Parents, who cannot stay at the bus stop with their children, should have contingency plans with neighbors and with their children on what to do if the bus is late or if the child should miss the bus.

Field Trips / Activity Trips - Transportation is also provided, when feasible, to transport students attending various academic or competitive events. Students riding the bus on field trips/activity trips are expected to follow the same rules that apply to students riding buses to and from school on a daily basis. Misbehavior will not be tolerated and will result in loss of future riding privileges.

Parents of students going on field trips/activity trips must sign a separate permission form, provided by the school, before students will be allowed to ride the bus on a field trip/activity trip. Field trip/activity trip transportation is provided only for students and employees of the Grant Parish School Board. Only the parent or legal guardian has permission to check a student out from an off-campus activity.

Reporting Problems - Parents and students should report problems, with other students on the bus, to the bus driver. Please do not distract the driver while students are loading or unloading and keep conversation with the driver to a minimum. Other children are waiting for the bus at the next stop and extended conversation with the driver may cause other traffic to be delayed and/or cause an accident. If parents need to have a discussion with the driver, please call the driver or schedule a meeting at the school. Parents/guardians or any person who is not a Grant Parish School Board employee or a Grant Parish student are not allowed by law to step onto a bus. Please be aware there are laws protecting school board property and school board employees.

Safe Conduct Guidelines - A student's behavior on the bus directly impacts the safety of all other students on the bus. To safely transport students, the bus driver must be able to concentrate on driving the bus without distractions from students who are misbehaving; therefore, unacceptable behavior by students will not be tolerated and will ultimately result in loss of bus riding privileges.

In addition, the quality of the ride and atmosphere inside the bus affects the students' ability to learn and his/her attitude for the whole day. Therefore, it is important that disruptive students not be allowed to negatively impact a child's school day. Students who disrupt the bus will not be allowed to ride the bus.

Parents should also be aware that the inside of a bus is a confined space where children are sitting very close together, usually with several age groups mixed together. This creates an atmosphere where even minor behaviors can be annoying to other students and cause conflicts. Also, since so many children are together at the same time, peer pressure may cause a child to act out, when under other circumstances, the child may not. Because of these factors which are unique to the bus, a child may not exhibit the same behavior on the bus as he/she does in the classroom, at home, or in a less stressful environment.

Parents are requested to instruct their children appropriate bus behavior and tolerance. Please help reinforce the authority of the bus driver as you would a teacher's authority in the classroom.

Drivers are trained to recognize and deal appropriately with misbehavior. They don't arbitrarily choose a student to "pick on". If a child is continually getting in trouble on the bus, it is because of some behavior that is inappropriate. Many times, the best way to keep a child out of trouble is to separate him/her from other children who are not making good decisions or are causing the child to act out. For these reasons, the bus driver's second step, after talking, is to assign a different seat. Parents or the child can request an assigned seat to keep the student out of trouble.

Parents should also recognize that the driver's attention is divided between the traffic outside the bus and the children inside the bus. A driver can only monitor students through a mirror while maneuvering a large vehicle through traffic. Misbehavior, which distracts the driver's attention, could result in a catastrophe, while the same behavior in the classroom may result in only a slight disruption.

Bus Stops - Bus stops will be assigned only at a student's residence. Students boarding or exiting the bus at an unauthorized stop is not allowed unless other arrangements have been made through the school administrator. A place of business cannot be used as a bus stop unless the residence is located at the same address. Arrangements may be made to accommodate daycare facilities but only if feasible. If the number of children riding the bus to and from the daycare facility overcrowds a bus, school bus transportation will not be available.

A student's behavior at a bus stop, prior to the arrival of the bus, is the responsibility of the parent. Destruction of property and/or vandalism at a bus stop by a student is a civil matter and will be handled by the police.

Bus stop mileage requirements:

- 3/10 of a mile total (in and out) for PreK – 8th grade
- 4/10 of a mile total (in and out) for 9th – 12th grade
- The road must be an all-weather road with a bus turnaround. If the road and/or the turnaround is on private property, a notarized permission form must be completed by the property owner. The Transportation Department will inspect the road and/or turnaround before final approval will be given.
- The Grant Parish School Board does not create or maintain roads, driveways or turnarounds.

In an effort to keep our younger students safe, it is the practice of the Grant Parish School Board not to release students, pre-kindergarten through third grade, off of the bus unless a parent/guardian or other designated adult is in view of the driver.

If there is not a parent/guardian or designated adult at the bus stop, the student will be returned to the school or placed into the custody of our Grant Parish Sheriff's Department Resource Officer after the bus route.

Transportation will be suspended:

- Third occurrence for five (5) days
- Fourth occurrence for ten (10) days
- Fifth occurrence for the remainder of the school year

In an effort to reduce fuel and transportation related costs, the Grant Parish School Board will discontinue the use of a morning bus stop after the 3rd day in a row of no student utilizing the bus stop.

- Parents should notify the bus driver and school when occasions arise where a student will not be utilizing public school transportation for 3 or more consecutive days.
- If the bus stop is discontinued, the bus stop can be reinstated after the parents contact the Grant Parish School Board Transportation Manager Ty Melton via email at tmelton@gpsb.org or phone at 318-627-3274.

Notification of Rights under FERPA and ESSA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age "eligible students" certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the School to amend a record should write to the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational

interests. 4. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

Education of Homeless Children and Youth District-Level Dispute Resolution Process Policy

Section VII(B) of the McKinney-Vento Homeless Assistance Act, McKinney-Vento Homeless Assistance Act acknowledges that disputes may arise between the school district and homeless students/parents/guardians when the student is denied enrollment in school or is placed in a school other than the one requested by students/parents/guardians. The purpose is to ensure that homeless students enroll in school immediately and continue their education with as little disruption as possible. The Grant Parish School District dispute resolution process follows the guidelines set forth in the McKinney-Vento Homeless Assistance Act and in accordance with The Louisiana Handbook for School Administrators, Bulletin 741, Section 341, which is available online at the following website address: www.doa.louisiana.gov/osr/lac/28v115/28v115.doc. This bulletin contains detailed procedures established for resolving complaints filed against the Department of Education or a local education agency pursuant to provisions of the Elementary and Secondary Education Act of 1965, 20 U.S.C. §6301, et. seq. (ESEA).

The following process will be used in a case where a dispute occurs regarding the education of a homeless child or youth.

Dispute Resolution Process

If a dispute arises over school selection or enrollment, the child/youth must be immediately enrolled in the school in which he/she is seeking enrollment, pending the resolution of the dispute (five days). The dispute process may be initiated by the parent/guardian, unaccompanied youth, principal or other school officials. At this time, the registrar must provide the student/parent/guardian with a copy of the District-Level Dispute Resolution Process Policy.

The parent/guardian or unaccompanied youth must also be:

1. Referred to the Homeless Liaison,
2. Provided a written explanation of the school's decision to deny enrollment or school selection.
3. Informed of their right to dispute the school decision and
4. Provided with a brochure that states the rights of Homeless parents/guardians/unaccompanied youth (Supporting the Education of Children & Youth Experiencing Homelessness in Grant Parish).

The child, parent, guardian, or other accompanying adult who wishes to appeal an adverse decision must start the appeal process by submitting a request for dispute resolution to the District Homeless Liaison. Upon submission of a request for dispute resolution, the Liaison will:

1. Confirm that the child has received the opportunity to immediately enroll in the district school in which enrollment is sought, pending resolution of the appeal; and
2. Expeditiously resolve the appeal according to the following dispute resolution procedures:
 - A. The Liaison, along with district personnel will set up an appointment with the person initiating the dispute within five (5) working days of receiving the notice of dispute. The committee will listen to the person's account of the problem, review information from the school, and consider the law and what factors impact the best interest of the child.
 - B. The committee will provide within five (5) working days:
 - i. A written explanation of the decision regarding school selection or enrollment; and
 - ii. Notice of the right to appeal the committee decision to the State Homeless Education Coordinator and the form with which to initiate such appeal.

If the district's committee denies a school selection or enrollment request that is based upon the rights of the child under the McKinney-Vento Act, the Liaison will provide to the child, parent, guardian, or other

accompanying adult, in writing, the reason for the decision and notice that the decision may be appealed. This notice will advise the child, parent, guardian, or other accompanying adult that the child will be immediately admitted to the school in which enrollment is sought and transportation will be provided, pending resolution of the appeal.

A parent is notified when a complaint has been received by the Louisiana Department of Education, and complaints are resolved within 60 days of receiving the complaint, unless the timeline has been extended. The parent will receive a written decision addressing each violation and will also be informed of the right to request that the Secretary of the United States Department of Education review the decision made by the Louisiana Department of Education.

Notice To Secondary School Students and Parents/Guardians of Secondary Students Military Recruiters' Request for Student Information

The federal No Child Left Behind Act requires the Department of Education (DOE) to provide to military recruiters, upon their request, the name, address, and telephone number (including unlisted number) of

secondary school students. Although military recruiters focus their efforts on high school juniors and seniors, the law allows for the gathering of this information from the board category of "secondary" students. Secondary school students are defined as students enrolled in middle, intermediate and high schools. It also applies to students in grades 7 through 12 in combination elementary/secondary schools (e.g., K-7, K-8, K-9, K-11, K-12, 7-12).

If any secondary student or the parent/guardian of a secondary student does not want the DOE to provide the requested information to military recruiters, the secondary student or the parent/guardian must "opt out" of providing such information. To do this, a legible, signed written request needs to be submitted to the school office. The request must contain the school name and the student's name and birth date.

If the secondary school student or the student's parent/guardian does not opt out or request non-disclosure, student information will be provided to the military recruiters as required by law.

Protection of Pupil Rights Amendment (PPRA)

The Grant Parish School Board shall notify and permit parents/guardians/eligible students the opportunity to opt out of participation in student surveys, analyses, or evaluations that concern one or more of the following eight areas:

1. Political affiliations or beliefs of the student or student's parent/guardians;
2. Mental or psychological problems of the student or family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom the respondents have close family relationships;
6. Legally recognized privileged or analogous relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardians; or
8. Income, other than as required by law to determine program eligibility.

If at any time during the school year, you would like to opt-out of a survey of this kind, please contact the school for an opt-out form. The following is an example of an opt-out form.
